## Municipal Council Votes for Road

The meeting of the Municipal Council was held in the Town Hall Tuesday afternoon last with a full attendance of Councilors from the six districts of the Municipality. The first item of business was the reading of the minutes of the meeting, and these were accepted.

The question of a gravelled road from Raymond east to connect with the Sunshine Trail was discussed at some length, and a vote was finally taken with the majority voting in favor of the road, and the matter will now be presented to the Provincial Government for their action. It is understood that this project is already on the budget of the Public Works Department for this year, and if the necessary money can be raised, will be proceeded with. If this link is built it will mean that the road from Welling through to the Sunshine Trail will be taken over and maintained by the Government as a secondary highway, and the Municipality will thus be spared a goodly sum each year for upkeep which can then be devoted to road work in some other part of the district. The Municipality will urge that this particular piece of road be graded and gravelled during the present season. In the event of this project being carried out it will also mean that the town will have another four blocks of road to gravel from the centre of town to the east side, and this will create work within the town.

Another item in the Municipality meeting was the striking of the Tax Rate, which will be five mills. The valuation has been lowered, which will mean a reduction in the Supplementary Revenue Tax, and a corresponding increase in the General Taxes of the district.

### NEWS NOTES

Fred Lind, now of Lethbridge was a Raymond visitor on Thursday.

Mayor W. G. Meeks was a Lethbridge visitor Tuesday on business.

Wednesday morning the sun was shining brightly and the snow was melting quite rapidly. The sky was clear and it looked like a spell of good weather. Everyone is hoping so at least.

While in Ottawa on his way west, Major C. H. Douglas stated that he was confident that Social Credit would be successful in Alberta. Incidentally it looks as though we may have Social Credit on the U.F.A. and also on the Social Credit tickets in the coming election.

W. L. Jacobson, Irrigation Specialist for some years at the Lethbridge Experimental Farm, for a number of years, has been made permanent Secretary of the Drought Reclamation Committee, and will have his headquarters likely in Swift Current, Sask. People of Southern Alberta will regret the move, but wish Mr. Jacobson success in his new field of labor.

The 100,000 Silver Dollars, minted in honor of the King's Jubilee has been taken up and the mint is busy making a second issue. When decided upon, the banker's expressed themselves as of the opinion that 30,000 or 40,000 of them would be all that would be taken up, but even bankers are at times mistaken, as is shown by the steady demand for this new Jubilee coin.

### News Notes

Dr. E. V. Spaekman of Lethbridge was a Raymond visitor Monday last.

Read the Cash Meat Market announcement in this issue. It will interest you.

Earny Boffa, aviator from Lethbridge, flew to Raymond in his plane on Thursday to see Frank Rutten on business.

The picture of the year, "Anne of Green Gables," Capitol Friday and Saturday. Bring the family, its swell entertainment. Matinee Saturday 2:15.

After a year's residence in Raymond, Mrs. W. H. Steed and family returned to their home in Cardston Tuesday. Mr. Steed is still in St. Anthony, Idaho, under the doctor's care.

Social Credit Nominating Convention is slated for Warner next Saturday. No doubt there will be considerable interest in this meeting. "Who will be it?" is the question of the hour.

Because of failure in arbitrating the strike at the Corbin coal mines, the mines are to be closed, and another community, built around the mining industry will practically have its death knell sounded.

John H. Blackmore, B. A., T. George Wood, Manager of Canadian Sugar Factories, Limited, and Miss Norma Snow, who is now Matron of the Cardston Municipal Hospital were the 3 Raymond citizens who were fortunate enough to receive a Jubilee Medal in the King's honor list. Congratulations to these citizens.

The merchant who reads the newspaper and does not advertise in it should stop to think and do it now. It is a wonderfully complete newspaper. It has all the news up to the minute. It is boldly assertive of the good things about your town and it is entertaining as well as informative. You know it reaches the people you want to reach, so why not advertise in it?

### LUXURIES ARE TAXED FAR LESS THAN FUEL

On the ladder of progress in Canada, during the last 30 years gasoline, formerly an unwanted stepchild of crude oil, has blossomed out as one of the supporting struts. Its power has proved the motive force for the automobile industry. Without it business generally would be hobbled. At the same time, it has proved a boon to governments and yet it has provided one of the strangest anomalies in the tax structure of Canada. In the fiscal year of Canada, closing March 31, 1934, the excise tax collected on potable spirits, manufactured in Canada, amounted to \$6,331,031 and on tobacco, in the same period, \$26,325,782.

These two products which, to no stretch of imagination, can be included in the category of necessities, gave the Federal Government a total of \$32,656,813.

Gasoline, however, admitted to be a necessity and part of the life-blood stream which keeps industry alive in Canada, was responsible for adding \$26,467,765 to the provincial government treasuries in 1933 through the gasoline tax which in five years poured \$111,386,439 into the coffers of the nine provincial governments.

## TOWN COUNCIL MEETING HELD

The regular monthly meeting of the Town Council was held last night with all members present except Councilman Bennett. Solicitor Ostlund, and the Town Engineer and Constable were also present.

Surveys for roads in town and also for the big dam were discussed and the various committees were left with power to act in this matter. It appears that there will be about 2 1/2 miles of road to grade in town, and a survey was wanted on these projects.

Several letters were read, one being an application from the Franco Oils at Cardston for a Gas Franchise. The letter was ordered filed to be discussed when the opportune time arrives.

A letter of appreciation from the Cancer Fund Committee was read and a motion passed that letters of commendation be sent by the secretary to Lee Brewerton, Dr. Spaekman and the school staff for their contributions to the success of the Cancer Fund drive and the Jubilee program.

The Council decided to co-operate with the Board of Trade and other organizations in town to show recognition to our four championship basketball teams. A mass of correspondence was considered and the meeting adjourned at 10:40 p. m.

## NEWS NOTES

D. H. Bingham of Magrath, I. L. Holman of Stirling was a Raymond visitor Thursday in Raymond on business yesterday.

According to reports from Edmonton the present is the most backward spring for 20 years, and seeding will not be general until May 15th.

The sun dial registered over fifteen hours of sunshine on Wednesday, May 8th. Only twice during the day did the sun go behind a cloud for a few minutes. Then some say it is not "Sunny Southern Alberta."

The dust bowl of Southern Saskatchewan has received the heaviest rainfall for years during the past week or so. It really looks as if the drought were ended.

Surveying for the reservoir at the Picture Butte Sugar Factory started this week and three carloads of materials were expected to arrive this week, and actual construction is expected to commence about May 15th.

## An Old-Timers Party

(Contributed)  
A party in a class of its own, and one that will long be remembered by all who were present, was given by Stewart B. Card, former Hotelman, and now engaged in the Oil business in Raymond, at his home in Raymond Wednesday evening of this week.

His home was filled with the invited guests who were in a mood to enjoy the evening in rehearsing events that had not been discussed for years, and had it not been that the recital continued to make some one else keep saying, "and that reminds me," the evening would not have been so jolly.

Stewart and Kate as but few can do, had their guests surrounded three tables spread in a most tempting manner, and when the food was brought in all the men seemed to be put in to their best humor. By the way, it so happened that this was a party for "men only." Even so, there was not a thing said at any time that would have given offence to the most refined lady in the land.

The tables were decorated with Gladioli, and with Kate and her helpers, the supper was a decided success. Here was one time that for a long period J. W. Evans was "too full for utterance."

There were the following invited guests: Dr. Leech, A. H. Zabriskie, Harding Brewerton, W. W. Depew, L. L. Pack, H. S. Allen, C. D. Compton, G. W. Rouse, C. W. Brewerton, J. E. Meeks, L. D. King, Wm. G. Meeks, C. W. Lamb, A. W. Kirham, D. L. Galbraith, P. W. Cope, T. O. King, W. H. Zobel, T. J. O'Brien, O. H. Snow, Phil Baker, J. W. Evans, C. W. Selman, O. R. Knight, John H. Wall, Father McGinnis and the host, S. B. Card, and all attended except Messrs. T. O. King, P. W. Cope, W. W. Depew, Ray Knight and Wm. G. Meeks.

This will be continued in next week's issue.

## Tyrell's Lake Now An Independent Branch

### Once to Every Woman Is Gripping Film Entertainment

Distinguished Cast Excels in  
Dramatic Story

(Review)

"Once to Every Woman" which will be presented Monday at the Capitol Theatre for the first time, is gripping, intelligent and invariably interesting screen entertainment. Few motion pictures have ever moved us in a manner akin to the sensations we experienced while witnessing this new Columbia film, which, you may have read is a screen version of A. J. Cronin's "Kaleidoscope in K" which appeared as a novelette in Cosmopolitan Magazine last year.

Those who are familiar with the story will remember how the lives of some dozen persons become fatefully enmeshed in the love affair of a beautiful and highly talented young woman. This Mary Fanshawe, as strikingly portrayed by Fay Wray becomes a vivid, living character, experiencing at first a romance that was predestined for failure but revelling later in the consolation of a greater and stronger love.

Fay Wray Outstanding

It isn't difficult to class Miss Wray's performance in "Once to Every Woman" definitely as her outstanding portrayal in a long and impressive career. Millions of admirers have had to be thankful for since she wisely forewent playing "enamel" to a host of ghosts and monsters and turned instead to more intelligent and mature characterizations such as the ones she has recently portrayed in "Ann Carver's Profession," "Woman I Stole," and now—"Once to Every Woman."

### DID YOU EVER STOP TO THINK?

By Edson R. Waite  
Shawnee, Oklahoma

If you are a square peg in a round hole, get busy and get in a place where you will fit.

For the past few years a lot of people have rested and waited for developments. We have had them. Most of us are still wondering, "Where do we go from here?"

A live city to work in is a good place to live in. A dead city to rest in is a good place to die in. Who wants to die?

Life is made up of a lot of things we don't like and some things we do like.

As long as there is a margin between what a city is as a place in which to live and work and what it may become, there is work in every community for a Chamber of Commerce.

Every city has many pests—little men with little minds who watch with envy the progressive men of the city.

"Small town merchants know everyone with whom they deal. Perhaps that is one of the reasons which make them so careful in the merchandise they offer for sale," so says Howard E. Blood, president of Norge Corporation.

Under the direction of Pres. O. H. Snow of the Stake Presidency, an independent branch was organized at Tyrell's Lake on Sunday last. This district has been affiliated with the Stirling Ward in the past, and for the past 2 or 3 years have been holding regular Sunday School services there.

The work has shown steady progress and interest in the work has steadily increased, until it felt that an independent branch would give more people an opportunity for service, and would put them in a position to carry on more effectively. The branch was therefore organized with the following as the Presidency: Kimball Anderson, Branch President Wilford Shields, first councillor and James Fleming second councillor.

This necessitated the reorganization of the Sunday School and Stewart Shields, was chosen as Superintendent, with Moyle Peterson and Lafayette Erickson as Assistants.

Many of these men are known in Raymond and the progress of the branch will be watched with interest.

### NEWS NOTES

The school students are commencing to count the days now until summer holidays commence. We used to do the same thing.

There is a great deal of building and remodeling being talked of, but to date there is not very many projects been made definite.

Deal Mendenhall was plowing Wednesday on his stubble fields. It was pretty wet, but with the "cat" he was getting it turned over alright, and was getting that much the start of his neighbors.

Mother—"What happened when that high-pressure salesman called today?"

Daughter—"Oh, I sold him father's old clothes, and all the discarded furniture up in the attic."

### WIT AND WISDOM

A woman's promise to be on time carries a lot of wait.

THAT'S THE KIND OF PARTY WHERE THEY BURN THE SCANDAL AT BOTH ENDS.

Presents make the heart grow fonder.

A THING OF BEAUTY HAS JOY RIDES FOREVER.

To non-Nordics, Hitlerism is positively nazifying.

THERE ARE TWO CLASSES OF TRAVEL—FIRST CLASS—AND WITH CHILDREN.

In politics the paths of glory lead but to the grave.

WHEN A GIRL FINDS THAT SHE IS NOT THE ONLY PEBBLE ON THE BEACH SHE BECOMES A LITTLE BOLDER.

People who take cold baths all winter seldom have colds, but they have cold baths.

THE TROUBLE WITH CHAMPAGNE IS THAT IT MAKES YOU SEE DOUBLE BUT FEEL SINGLE.

It isn't regular drinking that hurts a man; it's the way you fellows've got of drinking between drinks.

### RAIN AND CROPS

In recent years we have been praying that every time a cloud appeared in the sky it would bring a shower of rain. Now, each time we see a cloud we are afraid it will bring rain, and right now, we don't want it.

Like many other things in life, the weather is beyond our control, and there is no use worrying ourselves sick about something we can't help. Don't get faint hearted so soon. Now that the drought is over, let it rain for a few days before we start asking for dry weather. It has been dry so many years we hate to get our feet wet, but usually in damp years we have heavy yields from our fields, and it is only once in a great long while that we ever get so much moisture that we are unable to harvest a crop.

With tractors and power machinery it doesn't take long to get a crop in, and we know that when weather is just right, it

doesn't take long for the grain crops to grow and mature so instead of fretting about so much moisture, just get grain cleaned, treated, and everything ready to go when the going is good. Get a few hours extra sleep stored up now, so that when you start on the land, if you have to you can stand 18 hours a day for a couple of weeks until the crop is in, and then you can ease off again and recuperate.

The present storm was not very general, being about 2 1/2 miles wide east and west, and three miles north of town there was only half as much moisture as there was right here in town according to reports, so by the time this is printed, unless we have more storm, there will be many of the farmers on the land getting the crops in and away to a harvest. It is nice too, to look about and see the hills and valleys covered with nice green grass, so healthy looking and so succulent for the stock. It seems to us it has been ten years since the prairies were so green and beautiful as they are now. This means good pasture and plenty of hay, and after the experiences of the past few years, an abundance of feed is a matter of great consolation and worth to stockmen.

Cheer up neighbor. Some of the best grain ever raised has been seeded after the middle of May, and we still have several days before first time arrives.

If it rains some more, let's remember that we may need it all before the harvest is off, and besides we can't change it, so enjoy it as much as we can, and we will all live longer.

### SEED REPORT

Alberta and British Columbia

With the exception of 80,000 80,000 pounds of red clove seed in the Sunas district of British Columbia, there is practically no available supply of clover and grass seeds left in grower's hands. The large production of timothy seed in the Pincher Creek area of Alberta and the Bulkley Valley of British Columbia has practically all been marketed during the season. There are still a few small lots of brome and western rye grass in grower's hands in Alberta, but these will not likely reach regular trade channels. It would appear that there is an insufficient supply of alfalfa and crested wheat grass for Albertan demand, and alsike is said to be in short supply in British Columbia. Sweet clover is also in rather short supply in Alberta and is being bought from growers at 4c to 6c per pound. Seed merchants report a good demand from farmers for these seeds.

Bishop J. Y. Card of Cordova was in Raymond for awhile on Thursday.

## HANDS THAT ATTRACT

Hands have a language of their own, and are as integral a part of beauty as the face. How beautiful, soft and white they can be when well cared for.

More and more we are realizing today that the hands reveal the character and temperament of its owner. Damp, clammy hands so often tell us of nervous disorders, and large knuckles indicate very often the presence of rheumatism.

The skin of the hand should be carefully tended, that it may not grow old prematurely. I have seen the hands of young girls that were corded and weather beaten, and on the other hand I have found women of fifty with the hands of a young girl. Sarah Bernhardt's hands were like that. The Empress Elizabeth of Austria was another famous beauty who cared for her hands to such an extent that at night she would sleep with them bound in bandages after having soaked them in oil. Wash them as little as possible, and instead, cleanse them with a cream as you would your face. If frequent washing is unavoidable, rub glycerine into them afterwards.

If you have a tendency to rough hands, get into the habit of wearing gloves at night and also in the daytime when resting, massaging with a rich cream before donning the gloves. Work the cream well into the skin, wring hands together, massage the fingers, particularly around the knuckles. This type of massage is a form of modeling, and it also whips up the circulation.

Don't wear too small gloves as they stop the circulation and make the hands red.

If, just before some special occasion, you find your hands

particularly red, with the veins bulging, just shake them a few minutes in the air and it will relieve the congestion.

Whether you sleep with gloves on or not, try not to go to sleep with hands closed or tense. Relax them completely in order that the skin between the knuckles will not take on too accentuated folds.

## NEXT: FEET FIRST.

For expert advice on your beauty problems, write Woman's Interest Syndicate, 126 Bloor St. W. Toronto, Ont.

## WHAT'S IN THE CANS

Have you ever opened a can of peas and found to your disappointment that they were hard and perhaps not of the size you like best? Yes, this has happened often, but quite unnecessarily.

All fruits and Vegetables sold in tin cans in Canada are graded and the grade designation is plainly marked on the label. FANCY QUALITY, CHOICE QUALITY, and STANDARD QUALITY are found in retail and OND QUALITY is rarely seen. These grades of quality are enforced by the Dominion Government inspectors and if products are bought by quality, then satisfaction is assured.

"FANCY QUALITY" is as nearly perfect as possible, selected for appearance and care in preparation. It may be used when uniformity of size and color are considered important. Use it as it comes from the can, or for special salads.

"CHOICE QUALITY" is not so perfect in appearance but is quite as good in flavour and is packed from "handier" products. It may be used where economy is essential. Fruit of this grade is excellent for puddings, gelatin dishes or frozen desserts. Vegetables may be used in escalloped dishes, some salads and for soups.

Commercially canned foods have left the emergency shelf and taken their place in every day meals. If bought by grades and if different grades of each product are kept on hand the CHOICE QUALITY, and menus may be varied and econ-

omical. The size of the can is important. It is always economy to buy the largest can which may be conveniently used. The following table showing the common sizes may prove helpful, and could be cut out for reference:

Can Size	Approx. Meas.
No. 1 special	3-4 cup
8 oz.	1 cup
No. 1	1-4 cup
No. 2 1-2 flat	1 2-3 cup
No. 2	2 1-2 cup
No. 2 squat	2 1/4 cup

The average family will use Nos. 2, 2 1/2 or 2 squat. No. 1 special, No. 1 and 8 oz. may be useful in very small families, or for luxury foods. No. 2 squat is the same diameter as No. 2, but not so tall and the two may be easily confused.

## O. G. DEVENISH MAY BE SOCIAL CREDIT CANDIDATE FOR WARNER

It is reported that O.G. Devenish, well-known Calgary business man and Skiff oilfield operator, is to be the Social Credit candidate in the Warner Provincial riding. Mr. Devenish was a delegate from the riding to the Calgary convention and was prominent at the Convention. He is known to be an admirer of William Aberhart, Social Credit leader.

## IN MONTANA?

She (doing cross-word puzzle) - "What is a female sheep, dear?"

Dear (absent-mindedly, - "Ewe, dear."

And that was how the unpleasant evening began.

When a daughter was born to Mr. and Mrs. H. O. Traverser Monday in Calgary, they decided to name her Georgina Mary in honor of the King and Queen, she being the first child born in the city that day.

Calgary had three beacon fires Monday night, and they estimated 15,000 people attended the blazing fires which all burned for over an hour.

Thursday was a day of great variety as far as the weather goes. We had sunshine, hail, snow and rain all in the one day. It was a cold day too.

**CHANGE OF POLICY**

In order to render better service at lower prices, we have decided that on and after SATURDAY, MAY 11th, our business will be conducted on a STRICTLY CASH BASIS. We will carry no more accounts on our books.

To accommodate those who do not desire to pay for each order, anyone can purchase a ticket, and we will pay them 8 p.c. interest on the money, and they can draw this out as they see fit, or produce may be turned in and credit given to be drawn out. On this basis \$5.00 deposited with us will purchase \$5.40 worth of stock from our store.

We feel that in this manner we can give better value and better service, and will really be rendering a service to the public. We trust that no one will misunderstand our motive in this change and we trust we may still have the privilege of serving our much appreciated circle of customers.

**NEWS NOTES**

**RENEW YOUR RECORDER**

The old-fashioned girl who used to be on the "square" has been superseded by girls who are on the "bias"—you know—"Buy us this"—"Buy us that."

Mr. and Mrs. S. I. May were in Cardston Friday attending the funeral of ye editor's brother, Ben H. May. The late Mr. May was known to many Raymond farmers, as he travelled over this district for a number of years in the employ of the Massey-Harris Co., Ltd.

An aeroplane landed in the fields south of town Thursday afternoon, after circling the town a couple of times to pick out a landing field.

L. L. Palmer states that quite a number of chain letters are coming through the local Post Office these days. The Lethbridge Herald stated that one party had made \$500.00 on this craze, so maybe there is the odd one who benefits by this "gag."

**UNFINISHED SYMPHONY**

Neighbor—"Where's your brother, Freddie?"  
Freddie—"Oh, he's in the house playing a duet on the piano; I finished my part first."

1217 2nd Ave. S., Lethbridge, Phone 3016 T.L. Eminson, Mgr.

Many gardens were dry enough to seed Thursday, and gardeners were certainly busy getting the seed into the ground. It should come up almost over night with the soil so moist and full of life.

**A NEW HARROW OR DRAG FROM OLD TIRE RIMS**

An excellent harrow or drag for spreading the droppings in the pasture may be made from auto tire rims loosely bolted or otherwise fastened together, suggests J. C. Hogenson of the Utah Extension Service.

Use 16 tire rims, making 4 rows with 4 rims in each row. This arrangement will pulverize the droppings and scatter the contents evenly over the field.

Each row of rims is fastened to a two by six inch plank. To the middle of this plank is fastened the double tree by means of a clevis.

The sixteen discarded auto tire rims should cost but very little, so that the entire harrow can be made easily and cheaply. It does very efficient work.—Magrath Store News.

**NEWS NOTES**

Congratulations to Mr Vance Miss Nalder and their Public School Chorus. They again captured first prize in their class at the Festival in Lethbridge last week.

T. A. Bradley, who has been Teller at the local branch of the Bank of Montreal for some months past, is being transferred to Lacombe in the near future.

**MODERN ALPHABET**

Teacher (teaching alphabet—"What comes after 'O'?" Chorus—"Yeah!")

**Here and There**

With the warm weather and a fine season almost upon us, dates of opening of the summer hotels and resorts of the Canadian Pacific Railway will be welcome news to tourists. Banff Springs Hotel opens, June 16; Chateau Lake Louise, Emerald Lake Chateau, Radium Hot Springs and Moraine Lake, June 21; French River Bungalow Camp, June 15; Devil's Gap Bungalow Camp, June 21; Algonquin Hotel, St. Andrews, N.B., June 29; The Pines, Digby, June 27 and the Lakeside Inn, Yarmouth, June 28.

Portland, Oregon, famous annual Rose Festival will be held this year, June 6-8. Millions of rose blooms will be on display in the many floats of the grand floral parade and also in the 47th annual show of the Portland Rose Society.

Marking the Silver Jubilee celebrations of the coronation of King George V, to be held this year, the Canadian Pacific Railway has issued a strikingly handsome folder covering the main events of the function from the King's drive to St. Paul's Cathedral on May 6 and ending with the Lord Mayor's Show on November 9.

A beautiful new menu card for the King's Jubilee celebrations has been designed by the Canadian Pacific Railway to be used in all the company's hotels from coast to coast, on ships of the Atlantic and Pacific fleets and on world cruise ships. Its front cover is done in gold with the Canadian Coat of Arms in color at the top and the Canadian Pacific crest at the bottom. The back cover, also done in gold, shows a train in the Rockies, the Chateau Frontenac at Quebec City and the Empress of Britain. A map is fast below the Coat of Arms and a space on the back for autographs completes the menu card.

The world is invited to attend the annual Rose Festival to be held at Portland, Oregon, June 6, 7 and 8. This, one of the outstanding fetes of the United States, will this year show many new and beautiful features, among which the 47th annual rose show of the Portland Rose Society will be no the least important. The whole city will be enmeshed in roses at that time of year.

Over the period May 15-28 inclusive, the Canadian railways are offering special bargain fares figuring approximately at one cent a mile from various eastern cities to western Canada. Return limit is thirty days from the date of issue of ticket with stopovers within the limit of the ticket at Port Arthur, Armstrong and points west thereof.

Addressing an audience of more than a thousand representative business men at Toronto recently, E. W. Beatty, K.C., LL.D., chairman and president of the Canadian Pacific Railway, stated that the Canadian National Railway system was never an honest experiment in public ownership and that it was neither more nor less than a sad accident. This problem, he said, constitutes Canada's most difficult problem and threatens national solvency.

Starting a tour of Canada which will include the principal centres of the Dominion, Lord Baden-Powell, Chief Scout, Lady Baden-Powell, chief of the Girl Guides, and their two daughters, landed at Vancouver from S.S. Princess Charlotte recently and are being given rousing welcomes in every center throughout the country.

**A New Car Finish in Only a Couple of Hours!**

—you'll be proud of your car and the job you, yourself, can do with Steelcote Rubber Enamel—the world's finest finish.

Easy to use—shows no brush marks or laps—dries in a few hours—costs no more because the same quantity goes twice as far. A \$2.00 pint is enough for average car.

Ask your hardware, paint or auto accessory dealer about painting your car with Steelcote. Made in Canada by STEELCOTE MANUFACTURING CO. OF CANADA, Ltd., Toronto, Can.

**News Notes**

It was almost cold enough to freeze Tuesday forenoon. It is quite cool for May during the day, although we do have frost sometimes in the night.

Pres. O. H. Snow and Stake Clerk I.B. Roberts were in Tyrrell's Lake Sunday where they represented the Stake Presidency in organizing an independent branch there.

Amelia Earhart flew from Mexico to Newark in 14 hours, 22 minutes and 50 seconds to set a new mark for the 2,100 mile course and was welcomed by a huge crowd when she landed.

Geo. W. Green, former Raymond man, now of Lethbridge, was nominated Conservative candidate for the Lethbridge constituency at a well attended meeting held there Wednesday night, at which D. M. Duggan, Conservative leader, was a speaker.

W. R. "B.B." Howson  
Who is organizing the Liberal fight for a seat in the forthcoming Provincial election

The Crag and Canyon, of Banff, printed a special Jubilee Number last week which was very interesting and newsy, and contained an account of the progress of Banff over the past 30 years or so.

Old Ragson Tatters from Brushville says: "There are two kinds of people, good and bad. The classifying is usually done by the good."

The stores had a big run on rubber footwear during the moisture conditions the first of the week. One was fortunate if he even had a dry dooryard.

Reg. Cooper is home and getting around a little on crutches now, and his leg is doing as well as can be expected. His brother Maurice is putting in his crop for him while Reg. is laid up.

Many cases of Whooping Cough seem to be very light, some parents reporting that their children have never whooped at all but have coughed considerably.

A fleet of trucks was busy Wednesday putting cinders on Broadway and side streets, and a grader and a four horse team was busy cutting off the bulges on the roads and smoothing the surface.

Two cars got stuck on Broadway Tuesday, one of them had chains on and tried so hard to get out of the mud they tore the rear end out of the car. The other one was pulled out with a team. Getting stuck on the side streets was a very common occurrence.

The Town started a crew of shovel men cleaning the irrigation ditches Friday of last week. The storm has kept them off this kind of work so far this week, but a number of them have been shovelling cinders during the wet weather.
